BIRGU
by Candlelight

What started off as a few small events has now developed into a larger programme spanning over a whole weekend. Visitors can now enjoy different experiences such as, historical reenactments and dinner by candlelight in the beautiful town square. All the streets and houses are lit up with candles, chandeliers hang in the streets, and music ruminates throughout the winding pathways.

Visitors are encouraged to take their time to discover the area. They can do so by taking in different exhibitions by local artists, visiting a variety of musical concerts, the different historical buildings and museums, tasting a wide selection of Maltese food, and much more!
